NMSM Govt College, Kalpetta   **June 2017 - March 2020**
University of calicut

- Specialization in computer science

Plus Two   **June 2015 - March 2017**
SKMJ HSS

- Specialization in computer science

CERTIFICATIONS & ACHIEVEMENTS

- Stellar Performer of the Year 2023 – Tech630 Labs
- NACTET Certification in MERN stack web development
- Certification in web development using React

PROJECTS

RTMIS – Realtime Monitoring Information System
Tech Stack: React.js, Django, Docker
- Developed interactive dashboards and reports for sanitation monitoring in Kenya.
- Open Source: GitHub | Live

Debt-Free Mobile App
Tech Stack: React Native (TypeScript), Node.js, AWS Lambda
- Built Twilio-integrated voice/video chat for UK-based financial services app.

Colliers HRMS
Tech Stack: React (TypeScript), Node.js, Azure AD
- Built full-stack HR platform for Colliers International with microfrontend architecture
- Live Link: https://hr.colliers.co.in

George Clinical CMS
Tech Stack: React.js, Node.js, Azure AD
- Designed CMS for data admins with SSO authentication.

Diana Art Gallery – Shopping Cart
Tech Stack: Next.js, Node.js
- E-commerce app for selling art online: Live

Meta force Mobile app
Tech Stack : React Native, Expo, Node jS
- Mobile application for a blockchain based company for managing their calculations and their tutorials

Meta force Admin Panel
Tech Stack : React, Node JS
- Web app for adding data dynamically into the above mobile app like tutorial videos and events, questions and answers etc..
- Live Link: https://admin.mpoweracademy.io

Mpower academy website
Tech Stack : HTML, CSS, Javascript, php
- Website for a blockchain based company
- Live Link: https://mpoweracademy.io/

MyBharath WebApp - Government of India
Tech Stack : HTML,CSS, ReactJS, Cake PHP, Laravel PHP
- Live Link: https://mybharat.gov.in/
